EXPERIENCE

JULY 2025 – SEPTEMBER 2025
UNIFIED COMMUNICATIONS & COLLABORATIONS DEPARTMENT INTERN, CRYSTAL NETWORKS
- Assisted in deploying and managing UC solutions, including IP telephony, voicemail, conferencing, and messaging systems.
- Supported cloud and mobile collaboration tools to enhance remote work and team productivity.
- Helped configure and maintain telepresence, contact center, and social media collaboration systems.
- Contributed to improving communication workflows and organizational agility through integrated UC technologies.

AUGUST 2024 – SEPTEMBER 2024
NETWORK DEPARTMENT INTERN, CRYSTAL NETWORKS
- Designed and implemented scalable, secure network infrastructures with Cisco products.
- Configured and optimized network devices, including routers, switches, and firewalls, for peak performance and security.
- Monitored network health using SNMP, specifically with SolarWinds, and resolved bottlenecks to enhance network efficiency.
- Contributed to LAN, WLAN, and WAN projects, optimizing bandwidth for enterprise environments.

MARCH 2024 – SEPTEMBER 2024
FRONT-END DEVELOPER, HURDLE SOLUTIONS
- Designed and implemented high-performance user interfaces using React.js and Angular.js.
- Collaborated with UX/UI designers and backend teams to integrate APIs and enhance user experiences.
- Optimized performance, ensured cross-browser compatibility, and adhered to front-end development best practices.
- Conducted code reviews to maintain high-quality code standards.

JUNE 2016 – OCTOBER 2018
IT TECHNICIAN, MOJITECH
- Provided technical support for hardware and software, enhancing troubleshooting and customer service skills.
- Assisted in the installation and maintenance of computer systems and network infrastructures

EDUCATION

JULY 2026
MASTERS 2 IN TELECOM, NETWORK, AND SECURITY
LEBANESE UNIVERSITY – FACULTY OF ENGINEERING – HADATH
UNIVERSITE SAINT JOSEPH - ESIB

JULY 2026
BACHELOR'S DIPLOMA (B.E.) IN ELECTRICAL ENGINEERING (TELECOMMUNICATION)
LEBANESE UNIVERSITY – FACULTY OF ENGINEERING – ROUMIEH

JULY 2025
BACHELOR'S DIPLOMA (B.S.) IN COMPUTER SCIENCE
LEBANESE UNIVERSITY – FACULTY OF SCIENCES – FANAR

SKILLS

- **Engineering and Hardware Design**: Proficient in PCB design (Eagle), 3D modeling and prototyping (SolidWorks), circuit simulation (Proteus), and electronic board soldering and assembly. Experience with LabVIEW for data acquisition and control.
- **Full-Stack Development**: Extensive experience in web and application development with:
  - **Frontend**: HTML, CSS, JavaScript, React
  - **Backend**: PHP, C#, Java, C++, Python
  - **Database Management:** SQL (MySQL Workbench, SSMS), Firebase, WampServer
  - **Mobile Development:** Android Studio for Android applications
- **Virtualization:** Experience with Oracle VM for virtual environments
- **Scripting:** Bash for automation and scripting tasks
- **Networking**: Skilled in network simulation and management using Cisco Packet Tracer and MobaXterm
- **Creative Tools:** Adobe Creative Cloud (Photoshop, Premiere Pro, Dreamweaver) and Microsoft Office Suite
- **Soft Skills:** Strong teamwork, communication, and leadership abilities honed through workshops and professional experience
- **Multilingual:** Fluent in Arabic, English, and French; learning Spanish

CERTIFICATIONS

- **CCNA** — Cisco Certified Network Associate (January 2025)
- **RCC** — Introduction to Strategy Consulting (2023)
- **CentreMine** — Market Research (2022) – Fall in Love with your Client's Problem (2022)
- **EC-Council** — Ethical Hacking (2021)
- **Multiple Online Courses** — HTML, CSS, C++ (Codecademy, FreeCodeCamp)

ACTIVITES

JANUARY 2019 – PRESENT
LEBANESE RED CROSS VOLUNTEER, BOUCHRIEH CENTER
- Roles included Treasurer (2021–2022) and Public Relations Officer (2022–2024).
- Underwent trainings and organized activities such as AstraZeneca vaccination, Beirut explosion assessments, and youth engagement activities.

UNIVERSITY CLUBS
- Math Club (MathJams) — Lebanese University Faculty of Science
- IEEE and RCC (Consultancy) Clubs — Lebanese University Faculty of Engineering
